

THE BILLBOARD BARRICADE

CC42X96

The Billboard Barricade is more than just a pedestrian barrier. Whether at stadiums, zoos, festivals or marathons, our barricades create order in public spaces and serve as an attractive advertising platform. Our customers rave about how easy our barricades are to set up and store. They also love the personal attention we offer and quick delivery time.

Adding custom signage to the Billboard Barricade can help generate revenue, increase safety, provide direction and build brand awareness. Our high resolution full color custom graphics are printed on corrugated PVC sign board and stand up to weather just as well as our barricades.
