

Gaga for Gaga Ball!

What is Gaga Ball? Think dodgeball but kinder.

Gather players into an octagonal pit and provide them with a soft foam ball. Watch as Gaga Ball players transform into expert dodgers, strikers, jumpers, and runners. As they avoid being hit by the ball - they spend their energy and get a serious workout.

The objective is to be the last person standing in the pit. If the ball touches you below the knee, you're out. The game lasts no more than five minutes, ensuring quick rounds and a thrilling experience that gets your heart racing.

What you need to create a portable, store-able Gaga Pit:

- 8 OTW Safety Billboard Barricades
- Gaga Pit rules printed on Coroplast signage and mounted to Billboard Barricades
- Soft foam balls

No tools needed!
