GATE ADAPTER

OVERVIEW & SPECIFICATIONS

Temporary Site Access Point

Adaptable to all of our barricades, This kit ensures the seamless integration of a pedestrian or vehicle gate at any point along a line of our barricade fence panels. Temporary Entry Control Points or temporary site access points pose security and safety challenges, the Vehicle and Pedestrian Gate Adapter helps address these challenges with a flexible solution for all stakeholders.

DESIGN YOUR CUSTOM PERIMETER SOLUTION

Our Vehicle and Pedestrian Gate Adapter can be paired with multiple barricades as well as different gate sizes sizing. Easily convert our accessory into a smaller pedestrian access point or by pairing two vehicle gates together you can create an access point that is large enough for semi trucks and other heavy equipment.

HOW IT WORKS

This accessory includes the necessary hardware to connect a gate to an adjacent barricade fence panel, or any fence panel that's made with 1-3/8" round tubing. When installed, the added 59" steel tube bridges the gap between the fence panel and gate. This permits the gate to swing open past 90-degrees without hitting the barricade. The gate and adapter then form a solid connection with the line of barricades. Be sure to ballast the barricades with water before installing the adapter kit so the weight of the gate is properly supported.

Custom gate sizing is available. Please connect with us for your specific security/site needs.

SPECIFICATIONS

Component Qty / Pcs

- Tube: 1-3/8" OD galvanized tube, 24ft stock 59.5
- Bolt: 5/16" x 1-1/4" Carriage Bolt 3
- Bolt: 5/16" x 2" Carriage Bolt 6
- Nut: 5/16"-18 Plated Hex Nut 9
- Clamp: 1-3/8" Panel Clamp 3
- Hinge: Male 1-3/8" Post Hinge 3
- Hinge: Female 1-3/8" Gate Hinge 3
- Bolt: 3/8" x 2-1/2" Carriage 6
- Nut: 3/8" x 16 Hex 6

SIZE

- Height: 3"
- Length: 20"
- Width: 25"

ASSEMBLED SIZE

- Height: 8'6"
- Length: 10"

Can be constructed to open on either side of a OTW42" LCD barricade.

SUPPORT PIPE SIZE

- Height: 96"
- Width: 2"

APPLICATIONS

- Construction site gates or temporary fence gates for private events, festivals or city events
- Full perimeter security for construction site safety and security
