

OTW 32x45 LCD | Compact Traffic Barrier

LCD 32x45

Product Overview

The OTW 32x45 LCD is a compact, lightweight Longitudinal Channelizing Device designed to provide high visibility and impact strength in space-constrained work zones. Its innovative design is based on the proven Jersey shape and offers ease of transport, quick deployment, and superior handling.

NOTE: Only fill barricades once placed. DO NOT fill barricades prior to transporting them.

FEATURES & BENEFITS

- Rigid Internal Structure: Delivers impact resistance comparable to larger barricades
- Lightweight Design: Only 32 lb when empty, allowing for easy handling and repositioning
- Supports Dual Lighting: Compatible with two traditional pancake-style warning lights
- Freeze-Resistant Water Ballast Chamber: Expands safely in cold conditions
- Tool-Free Setup: No additional parts or hardware required
- Durable Build: UV-resistant, rotationally molded LDPE construction
- Warranty: One-year limited warranty against manufacturing defects

COLORS

Safety orange and white

COMPOSITION

Rotationally molded UV-resistant Low Density Polyethylene (LDPE)

SIZE

- Height: 32.125 in (81.5 cm)
- Length: 46 in (116.8 cm)
- Base Width: 20.375 in (51.8 cm)
- Top Width: 10.5 in (26.7 cm)

WEIGHT

- Empty: 32 lb (14.5 kg)
- Filled with 10.5 gallons water: 120 lb (54.4 kg)

Weight calculation based on standard US gallons of water.

PALLET & SHIPPING

- Pallet Dimensions: 68 in x 91 in x 4 in
- Units per Pallet: 24
- Full Truckload Capacity: 216 units (~810 linear feet)
